ROCCO FORTE SPAS

We all search for wellbeing. Rocco Forte Spas is born from this desire.

All of our spas have Rocco Forte Rituals, Rocco Forte Fitness and Rocco Forte Nourish. Verdura Resort also has Rocco Forte Health, and each spa has strong local accents.

Rocco Forte Rituals inspire the senses: aromas abound whilst our expert therapists pamper you from head to toe. These signature treatments are carried out with our very own product line. Inspired by products grown at our resort in Sicily, our bio-cosmetics are rich in vitamins and backed by scientific research.

Rocco Forte Fitness is inspired by the Forte family's commitment to sport. We have an innovative approach to fitness, with the most cutting-edge equipment and professional trainers to support you all the way.

Rocco Forte Nourish ensures that you can eat healthily throughout our hotels. We have special, healthy dishes on our dining menus, created by nutritional experts and using local and seasonal produce. We also have a bespoke nourishing In Room Bar option.

With Rocco Forte Spas, we want you to take home great new habits and leave us looking, feeling and being better.

VERDURA SPA

“Nature has provided us generously with everything we need to remain in good health.” Sebastian Kneipp

Welcome to Verdura Spa. Set amid olive groves, oranges and lemon trees, we're one of Europe's most advanced luxury wellbeing centres, with a distinctive Sicilian flair. Our spa philosophy is based on Sebastian Kneipp's five pillars: water, plants, exercise, nutrition and balance. Whilst each pillar improves wellbeing, it's through the interplay of all five at Verdura Spa that self-healing begins. This is enhanced further by our local Sicilian traditions, products and scents, and our experienced team of health professionals and therapists.

Housed in pavilions grouped around an open-air courtyard, the 4,000 square metre spa has extensive treatment rooms, including double treatment suites, a 20-metre indoor swimming pool, a double-height steam room, Finnish and infrared saunas, a 170 square metre state-of-the-art gym, a fitness studio, spacious relaxation areas and a hair and beauty salon. The Spa Bar, with a terrace overlooking the mountains, offers light meals, smoothies, juices and infusions, as well as healing teas. There are also four outdoor thalassotherapy pools, heated at different temperatures, each with varying salt densities, minerals and organisms.

VERDURA SPA PRODUCTS

Pevonia's formulations constantly evolve with scientific developments.

ROCCO FORTE RITUALS

Our Rocco Forte Rituals use our very own Forte Organics beauty line and are exclusive to Rocco Forte Spas. They're authentic to Sicily, with Sicilian ceramics and aromas, and a bell from Burgio to mark the beginning and end of every ritual. They all start with a relaxing foot soak, and end with a special Forte Organics smoothie to sip on made with ingredients from our garden.

FACIAL RITUAL

During your foot soak you'll receive a hand massage. Following this, enjoy a relaxing back massage with one of our special oils. We'll then pass on to your facial, before enjoying a foot or head massage to finish.

80 Minutes

BODY RITUAL

Following the foot soak, enjoy a full-body apricot scrub to leave you feeling silky smooth from head-to-toe. We'll then apply one of our rich herbal compress creams all over the body, feeding it with the nutrients that it deserves. The ritual ends with a full-body massage, leaving you feeling completely rejuvenated.

60 Minutes

BACK RITUAL

During your foot soak, you'll receive a hand massage. Following this, expect an apricot back scrub to smooth your back. You'll then receive a back massage to melt away any lasting aches and pains. We'll then finish with a herbal self-heating compress cream to completely relax your muscles.

ROCCO FORTE FITNESS

"Inactivity weakens, exercise strengthens, overexertion damages." Sebastian Kneipp

THE GYM

Our 170 square metre gym is equipped with the latest gym gadgets, free weights and Technogym weight machines, along with a full range of Technogym cardio equipment. It has an outdoor terrace and views over the greenery.

FITNESS STUDIO

We offer daily classes in our fitness studio, making exercise fun and sociable. Expect Body Pump, Pilates, Yoga and much more.

INDOOR LAP POOL

Our 20-metre indoor pool is perfect for swimming laps, with an infinity edge overlooking the golf courses outside. It's also home to our aqua classes.

OUTDOOR FITNESS

Training is not just limited to our Verdura Spa facilities. Some of our fitness classes take place outdoors, such as Sunset and Sunrise Yoga. Our jogging, trekking and cycling trails meander through the resort's olive, orange and lemon trees. We have six clay tennis courts and experienced

tennis coaches, an array of golf facilities and a PGA Golf Academy, as well as a Water Sports Club overseen by our qualified team of instructors.

PERSONAL TRAINING

Our Fitness Manager will help you meet your exercise goals and reach your full potential whether you're looking for a single coaching session or a full fitness programme that integrates any sport Verdura has to offer.

Packages of 3 and 5 hours can also include:

- 1 hour of tennis with the instructor
- 1 hour of water sport
- 1 hour of golf with the instructor

BODY COMPOSITION ANALYSIS

Our body composition analysis measures fat, lean muscle and water composition to provide a more accurate weight reading.

PRIVATE CLASSES

Our professional trainers are available to provide guests with private Yoga, Stretching, Qi Gong, Mindfulness and Pilates Classes.

WET FACILITIES

“If water is an excellent agent for the healthy person to maintain his health and strength, it’s also the most natural and simplest remedy.” Sebastian Kneipp

THALASSOTHERAPY POOLS

Our thalasso itinerary includes four outdoor pools, heated at different temperatures, each with varying salt densities, minerals and organisms. The circuit is deeply relaxing and has a revitalising, antimicrobial and cleansing effect on the skin.

In addition, thalassotherapy promotes venous and lymphatic flow, removes toxins, helps respiration and oxygenation and benefits the musculoskeletal system. When doing the circuit, you should move from the first to the fourth pool, spending 10 to 15 minutes in each pool.

INFRARED SAUNA

Our infrared sauna deeply penetrates the skin, activating the cells, supporting metabolic processes and decoupling toxins from water molecules.

FINNISH SAUNAS

We have Finnish saunas in our male and female changing rooms. Saunas positively influence the mind and body. They improve the immune

system and blood circulation, as well as cleanse and rejuvenate the skin.

DOUBLE-HEIGHT STEAM ROOM

Our double-height steam room deeply relaxes and cleanses the skin. It helps relieve muscle soreness and joint stiffness, as well as enhance your immune system through lymph detoxification and blood circulation. The high concentration of steam makes it more difficult to breathe, which also helps exercise the lungs.

EXPERIENCE SHOWERS

Our two experience showers have different features which combine perfectly with our heat experiences. A cold rain shower can be used in combination with the heat treatments to stimulate and tone the body. The side body jets are great for stimulating circulation and the tropical rain shower head can be combined with lighting to give a refreshing and revitalising experience. The interplay of all these features together has extremely beneficial effects.

ROCCO FORTE NOURISH

Our celebrity chef Fulvio Pierangelini has created healthy menus inspired by the produce grown at our resort. Kneipp praised simple, nourishing food, with plenty of fruit and vegetables. So, our menus are rich in fruits and vegetables, flavoured with herbs grown right here at Verdura. We also use the freshest fish, home-produced olive oil and whole grains.

Test these menus out with our Rocco Forte Health programmes. Or simply enjoy fresh juices, smoothies, protein shakes, superfood salads and other health-enhancing dishes at our Spa Bar.

You'll also find a Rocco Forte Nourish corner at Buon Giorno for breakfast.

ROCCO FORTE HEALTH

Rocco Forte Health offers a balanced and integrated approach to health, with state-of-the-art techniques and programmes individualised to every guest. The five health-focused programmes we cover are Fit, Slim, Detox, Anti-Age and Relax. Each programme is available for three or six days.

They integrate all of Kneipp's pillars. Nutrition and exercise are central to our Rocco Forte Health approach. Our treatments and therapies incorporate different water applications. We use plants and herbs in our products, treatments and our Rocco Forte Nourish menus. These all help restore balance, along with the places of sanctuary throughout the spa, relaxation techniques used and our School of Life library.

Prior to arrival, you'll be asked to fill out a detailed questionnaire so we can better understand your personal requirements. Upon arrival, we'll perform tests to get substantial information about your physiology and anatomy, enabling us to tailor your chosen programme to your specific needs. These tests will also act as a marker, to show evidence of improvements over the course of your programme, as well as when you're back home.

Throughout your stay, you'll enjoy delicious menus exclusive to Rocco Forte Health based

on the natural power-giving Mediterranean diet, using our home-grown products. These have been created by celebrity chef Fulvio Pierangelini, along with our nutritional experts. Your dishes will contain no salt, sugar, wheat, dairy, caffeine, alcohol or red meat. You'll eat every three hours and menus will be tailored to your individual needs. Nutritionally-balanced food and the re-education of the body to crave what is good for it are at the heart of our approach.

Changing how and what you eat can often be the stepping-stone to making other lifestyle changes, but exercise is equally important. We have group classes around our programmes and our Fitness Manager will create a bespoke fitness programme both for your stay at Verdura and to take home with you.

To ensure deep relaxation and better results, you'll also experience a combination of non-invasive and natural health treatments and therapies.

Our aim is for you to leave, having achieved your goals, with intelligent advice that you can realistically incorporate and enjoy in your daily life.
