

Tradition has it that Afternoon Tea was 'invented' by Anna Maria, the seventh Duchess of Bedford, who in 1841 popularised the ritual of drinking tea and having a bite to eat in the afternoon, to tide her over until dinner. This swiftly developed into a social occasion which is as popular today as it was back then.

Rare Tea Company is an independent business based in London. The company was founded in 2004, by Henrietta Lovell (known as the Tea Lady), to source and supply the world's best tea - direct from farmers and their tea gardens

This is the heart of innovation - like roses or grape vines, it is possible to develop wonderful hybrids to create amazing new flavours and plants best suited to their local environment. Black tea with the sweet caramel and malty characteristics of Satemwa tea. Expertly hand rolled to bring out the subtle and elegant flavours, this varietal has been selected and grown for its unique flavour profiles of jasmine and lemon.

7/CHERRY BLOSSOMS

Jun Chiyabari Tea Garden, Nepal

Luscious blossoms grown in the gardens of the Jun Chiyabari Tea Garden, 1835m above sea level.
