THE BALMORAL SPA PRODUCTS

Irene Forte Skincare

Inspired by Sicily and made by hand in Italy, Irene Forte Skincare is the Mediterranean diet for your skin. Each product has been carefully formulated with a matrix of natural active ingredients that are 100% recognised by the body and create a decisive chain of benefits on the skin. The brand is sustainable from production to packaging, clean and highly effective.

Made For Life Organics

All of Made for Life Organics skin and body care products are handmade in Cornwall using only 100% Organic ingredients, accredited by the Soil Association. Made for Life has carefully thought about the right ingredients and their specific properties, which not only beautify but also improve the health and wellbeing of your skin. The treatments connect mind with body. All products are naturally balancing for the skin.

Ishga

The name Isgha comes from the gaelic word for water. The products have been developed in the Outer Hebrides using the highest quality and purest Scottish seaweed combined with water from a natural spring situated on the beautiful Isle of Lewis. Seaweed has been used for centuries for its natural healing and therapeutic properties. It contains a high content of vitamins, minerals and powerful natural antioxidants that are considered essential for maintaining glowing skin.
