JUNIOR GOLF ACADEMY

The new look Verdura Junior Golf Academy is a great way to introduce our young guests to the wonderful game of golf. For those guests who already play, it is a great way for them to improve and hone their skills.

Not only will they learn all the necessary practical skills to include; full swing, short game, putting, bunker play along with basic rules and etiquette, but in 2020, lead by our SNAG Golf and US Kids certified Instructor, Giacomo Dovetta, our future stars will learn through coordination and motor skill exercises as well as through fun games and challenges.

And as golf is a game not just to be learned but also to be played, we will base a lot of our coaching actually on the golf course using our perfectly adapted 9-hole family course.
