CONNECTED ICONS MYTHICAL LEGENDS

Before Scotland's legends were ever assigned to paper, they were told around roaring hearths, passed from one generation to the next. Though centuries have passed, they continue to ignite curiosity and capture the imagination.

From giants and dragons to witchcraft and water spirits, the line between fact and folklore is best left undrawn. So pull up a seat, settle in, and lose yourself in the land's wild magic.

Inspired by a collection of timeless tales, overseen by Mattia, Head Bartender, each signature cocktail has been personally crafted by one of our talented mixologists. Ask them about their legend — every choice has a story behind it.

THE UNTAMED ONE

A symbol of chivalry and unyielding spirit, the unicorn refuses to be tamed — perhaps it is why Scotland adopted it as her own. Mythical, some say. Though we prefer to keep an open mind. Who's to say what roams in the Highland mist?

In The Untamed One, smooth and silky Scottish vodka — crafted from two heritage barley strains — meets fresh coconut water and lime leaf, softened by white chocolate and banana. A refined, pearlescent sip, as ethereal as its muse.

THE HIGHLANDER

Folklore and film paint a striking picture of the ancient Highland warrior, heading into battle with faces brushed in woad-blue. A defiant mask worn to strike fear and inspire wild courage.

The Highlander hides its own fire. A take on a clarified Scotch milk punch, smooth and pale, concealing a rich single malt paired with ginger. Fresh strawberry softens the charge before a long, surprising sweet finish.

*Aberfeldy 16 Whisky, Ginger Liqueur,
Strawberry Puree, Noilly Prat*

DOUBLE IDENTITY

Part seal, part human, legend speaks of the selkie caught between two worlds, trapped in human form by a local fisherman. A bittersweet tale of stolen freedom and an eternal longing for the ocean.

Double Identity brings a two-faced twist to a classic whisky sour. Coastal Scotch with distinct notes of sea salt is softened by honey, lemon and warm spice, topped with velvety foam. A drink of two distinct halves.

*Old Pulteney 12 Whisky, Allspice Dram,
Honey Water, Lemon Juice*

MESSY-NESSIE

Amidst peat-dark waters, a monstrous shadow stirs,
its long snaking neck rising to break the surface. For
centuries, Loch Ness's most elusive resident has left
only ripples and rumours — glimpsed
but never caught.

Messy-Nessie evokes the breath of a morning
mist over the Great Glen. Grounded by the refined
character of Japanese whisky, paired with delicate
pine and a subtle herbal complexity for
a clean, bright finish.

*Hibiki Harmony Whisky, Green Chartreuse,
Pine Needle Cordial, Soda Water*

KINGDOM'S CAULDRON

Disappearing at dusk, the Witch of Fife flew across stormy seas to dance with otherworldly beings. When her curious husband followed, he was caught and bound for the stake — only to be saved by his wife's whispered magic.

A dark, herbal brew, Kingdom's Cauldron is a cocktail for the witching hour. Peppery rye Scotch is stirred with unconventional botanicals and warm spice, laced with vanilla, honey and buttery caramel for a complex, nocturnal sip.

SHAPE-SHIFTER

Prowling Scotland's fast-flowing rivers and deep lochs, the Kelpie takes the form of a majestic horse, tempting weary travellers onto its back — only for its sinister nature to surface as it drags them into the depths.

Shape-Shifter's smooth reposado tequila conceals a hint of smoky mezcal beneath vibrant grapefruit and citrus sherbet. Bright and warming, with an underlying bittersweet complexity.

DRAGON'S TALE

Celtic legend tells that Arthur's Seat was once a ferocious dragon, resting after a heavy feast. So deep was its slumber that it turned to earth and stone — tread lightly, for it is best to let sleeping beasts lie.

Dragon's Tale layers mineralistic Scottish gin with a crisp aperitif spine, grounded by earthy dandelion bitters. Crowned with a vibrant dragon fruit foam, it settles into a bittersweet, velvet finish.

The Aberturret Gin, Cocchi Americano, Dandelion Bitters, Dragon Fruit & Campari Foam

LOST PRINCESS

Princess Lula of the Danish giants crossed the sea in search of adventure, scattering stones as she wandered. Her final stone became the Hebridean island of Islay, before a storm claimed her and she vanished into the deep.

In Lost Princess, botanicals are lifted by a coastal freshness. Fragrant rosemary and bright lemon are met by ocean minerality, balanced with floral sweetness and a fresh burst of lemon.

Nori, Rosemary & Lemon Cordial, St Germain*

NINE MAIDENS

On a sweltering summer's eve, nine sisters ventured to the well to slake their thirst, one by one lost to an insatiable dragon lurking within. The beast was slain in battle by a valiant hero, giving rise to a fiery Dundee legend.

Pure in spirit yet with a spicy sting in its tail. Delicate vodka forms the base of Nine Maidens, before meeting the brooding depths of chilli and marmalade syrup, finished with a tangy tajín rim.

FAIRY QUEEN

A mountain shrouded in mystery, Schiehallion's iconic silhouette rises over the Highlands. Ancient lore tells that its caves echo with fairy song — a gateway to a realm where hikers would be wise to watch their step.

A chocolate-forward twist on the classic Mai Tai, Fairy Queen layers aged rum's caramel and spice with roasted Brazil nuts and dark cacao. Lifted by botanical bitters, beneath a snow-capped peak of crushed ice.
