EXCLUSIVE GROUP EXPERIENCES
IN MUNICH
At once an animated, cosmopolitan gathering place and a verdant city-centre sanctuary, The Charles is a pillar of the Bavarian capital – and the first Rocco Forte hotel designed and built by the Forte family.

This means that every element of it has been carefully crafted for modern travel, leisure and entertainment – from its large, leafy terrace, primed for all-season events and al fresco dining, and the luxurious Charles Spa, home to Munich’s longest pool, to its uncommonly spacious accommodation and light, bright aesthetic, designed to echo the Old Botanical Garden, just outside.

Beyond the gardens, guests will find themselves beside Munich’s museum quarter, Schwabing’s artistic hub and Maximilianstrasse’s smart boutiques – with our concierge on hand to arrange exclusive access to the city’s sights, culture and cuisine. Whether planning a grand event at the hotel or exploring around it, the Charles team can craft an unforgettable experience, just for you.
