Dull, tired skin? This treatment instantly boosts radiance and luminosity, leaving you with a refreshed, glowing complexion.

## HYDRATOR

For dry, dehydrated skin, this facial deeply nourishes and hydrates, leaving your skin silky smooth and plump.

# ADD-ONS

## 3D SKIN ANALYSIS – 10 MINUTES

This advanced diagnostic tool provides a detailed assessment of your skin, revealing both visible and underlying concerns such as sun damage, clogged pores, excess oil, dehydration, thinning skin, and uneven texture. With this information, our facialists can customise your treatment to address your skin's specific needs for optimal results.

## EXTRA HANDS – 20 MINUTES

Extend your facial massage time with additional manual techniques to enhance your results.

## LYMA LASER – 20 MINUTES

A non-invasive, clinic-grade laser technology that stimulates deep cellular regeneration, targeting fine lines, pigmentation, and scarring for smoother, more radiant skin.

A powerful Tri Energy Technology that sculpts, lifts, and tightens skin, boosting collagen and elasticity for a firmer, more youthful complexion.

## DERMALUX LED – 15 MINUTES

## PHYTOMELATONIN REJUVENATING BUCCAL FACIAL – 90 MINUTES

A rejuvenating facial integrating Phytomelatonin, Dr Ferri's patented extract of Alpine Plant Melatonin, with highly efficacious hands-on facial techniques and LED. This indulgent facial integrates our signature quadruple massage technique, including buccal massage; working from inside the mouth enhances massage results, relieving tension, toxin build-up and awakening facial contours. This facial also includes a double cleanse, red light therapy, and a Hyaluronic Acid sheet mask, revealing a visibly more hydrated and younger-looking complexion.

## PEPTIDE POWER: THE WRINKLE-SMOOTHING FACIAL – 90 MINUTES

An exceptionally powerful facial treatment, fueled by peptides. Neuropeptide Myoxinol™, derived from Hibiscus Seeds, works to relax facial muscles and ease the tension that contributes to expression lines. This potent peptide powers a series of products used in the facial, which are combined with our signature advanced face workout massage. Paired with a Tri Energy Technology—microcurrent, radiofrequency, and red light—this treatment sculpts, lifts, and firms the skin, enhancing collagen and elasticity for a needleless youthful, radiant complexion.

## AGE-DEFYING VOLCANIC FACIAL – 90 MINUTES

An indulgent facial using hot and cold volcanic stones to rebalance, revitalise and relax. A double mask application promotes skin firmness, hydration and radiance. Our signature triple facial massage technique stimulates circulation, oxygen and nutrient flow to the skin, enhancing natural collagen production. Finish with a burst of oxygen to reveal a fresher, firmer and glowing complexion.

## GLOW & LIFT: THE LYMA PRO FACIAL – 75 MINUTES

An advanced facial offering a powerful combination of potent anti-ageing products and the Lyma Pro, a non-invasive, clinic-grade laser designed to stimulate deep cellular regeneration.
